In this stylized book of mystery and science fiction, a drug-dealing car thief must discover the secret behind his visions in order to save the world. Twenty years after the devastating Cataclysm, society has been separated into sectors in which the rich are able to enjoy machine-generated weather and sunlight while the poor are forced to live an eternally dank and dark existence. Banished to the dismal Sector 5, the angst-ridden Beezer discovers that the corrupt city police are hunting him because of his experiential visions of a pre-apocalyptic world. Now Earth's reluctant savior must learn his true origin and the meaning of his visions before he is captured and killed.
