This action-oriented book presents the revolutionary J Curve model, which tracks people's performance, thoughts, and emotions at each of the five stages of the change process, from resistance through positive acceptance-key knowledge you need to lead your team and speed implementation. Used by leading companies such as IBM, Chevron, Toyota-Lexus, and 3M, the J Curve gives you proven tactics and tools for quickly getting employees to a positive stage on the curve.

In this groundbreaking book, Jellison introduces a new approach to change-Activation. Communication and persuasion aren't enough to help people overcome their doubts and anxieties. You'll put these Activation techniques to work immediately as you learn how to

- Communicate at ground level-breaking change down into doable steps so people can achieve the goal
- Front-load rewards-motivating people to persist through the most difficult phases of change
- Create accountability-linking performance to larger organizational goals
- Personalize praise-tailoring approval to individuals to motivate higher levels of performance

*Managing the Dynamics of Change* presents an innovative method for getting employees to quickly commit to change efforts and simultaneously ramp up their performance.

Drawing upon his extensive field research and consulting experience with Fortune 500 companies, Jerald Jellison, Ph.D. reveals how effective change occurs and shows you how to manage your employees' reaction to change, engage your team's emotions and actions, and move employees up the curve as fast as possible.
