Hitler's Black Victims: The Historical Experiences of European Blacks, Africans and African Americans During the Nazi Era (Crosscurrents in African American History) CLARENCE LUSANE

Drawing on interviews with the black survivors of Nazi concentration camps and archival research in North America, Europe, and Africa, this book documents and analyzes the meaning of Nazism's racial policies towards people of African descent, specifically those born in Germany, England, France, the United States, and Africa, and the impact of that legacy on contemporary race relations in Germany, and more generally, in Europe. The book also specifically addresses the concerns of those surviving Afro-Germans who were victims of Nazism, but have not generally been included in or benefited from the compensation agreements that have been developed in recent years.
