The Allied Powers continue their uncertain and deadly war against the Fascist Berlin–Boer Axis. The Russians remain ostensibly neutral—but their actions hint at something far more dangerous. When the U.S. discovers that the Russians are providing the Axis powers with weapons technology that could shift the balance of power, Captain Jeffrey Fuller, one of the most decorated heroes in the U.S. Navy, is called in to put an end to this potentially catastrophic Russian involvement.

The plan to punish Russia is audacious. It is bold. And it is potentially suicidal. Jeffrey Fuller's orders are to clandestinely transport commandos to Russia, where they will infiltrate a nuclear missile facility, and fire one of their weapons—at the United States. If the plan is successful, the commandos, posing as German forces, will destroy the missile at it reaches the atmosphere, creating a dramatic shift in global politics and forcing Russia to ally with the United States against Germany.
