It's the book version of HGTV meets ESPN: For the millions of men around the world who have ceded their bachelor pad decor to laundry rooms and playrooms, ManSpace provides inspiration for men to reclaim private spaces that offer more than big screen TVs and recliners.

ManSpace is a refreshing take on the spaces in and around the home that men claim as their own. The smoking room, the garage workshop, the basement pool room, the recording studio or the wine cellar are just a few examples of the spaces men carve out of their homes. Manspace will profile these spaces to offer inspiration and ideas to other men looking for a way to create personalized places dedicated to their work and play. ManSpace profiles around 50 different spaces from converted air streams trailers and attics to extra bedrooms and out buildings to entire houses dedicated to a man's possessions and activities.
