## **The Little Pot** Dawn Stephens

How do you teach young children about the value of patience and the loving omniscience of their Creator? Introduce them to *The Little Pot*, a wise and winsome tale. Soon after a potter lovingly forms a new pot and declares that he has important plans for his creation, the little pot begins to wonder what its purpose will be. Will it be used to hold important documents? Great riches? Beautiful flowers? As various expectations prove wrong, the little pot is cautioned to wait and see. Gradually, Little Pot comes to realize that its creator knows best and has the most wonderful of all uses planned for it. Young readers will realize that the same is true for them: that, like the little pot, they were designed to be vessels that bear fruit. Anyone who has ever had trouble seeing God working in his or her life will realize that, while His work may not always be evident, it is always there. The author's warm illustrations beautifully enhance this charming allegory about patience and fulfillment. A valuable teaching tool for parents and educators, *The Little Pot* is a simple yet profound story about inevitable reversals. Its timeless message will be enjoyed by many generations to come.
