Creative Intelligence: Harnessing the Power to Create, Connect, and Inspire Bruce Nussbaum

Offering insights from the spheres of anthropology, psychology, education, design, and business, *Creative Intelligence* by Bruce Nussbaum, a leading thinker, commentator, and curator on the subjects of design, creativity, and innovation, is first book to identify and explore creative intelligence as a new form of cultural literacy and as a powerful method for problem-solving, driving innovation, and sparking start-up capitalism.

Nussbaum investigates the ways in which individuals, corporations, and nations are boosting their creative intelligence — CQ—and how that translates into their abilities to make new products and solve new problems. Ultimately, *Creative Intelligence* shows how to frame problems in new ways and devise solutions that are original and highly social.

Smart and eye opening, *Creative Intelligence: Harnessing the Power to Create, Connect, and Inspire* illustrates how to connect our creative output with a new type of economic system, Indie Capitalism, where creativity is the source of value, where entrepreneurs drive growth, and where social networks are the building blocks of the economy.
