*Documentary Filmmaking: A Contemporary Field Guide*, Second Edition, is a skills-oriented, step-by-step guide to creating documentary films, from the initial idea phase to distribution. Thoroughly updated to highlight the effects of technological advances and social media, this compact handbook offers something for all types of students: documentary recommendations (for the film buff); illustrations, examples, and commentary from working documentary makers, producers, editors, and distributors (for the more grounded, visual learner); the latest trends in Internet video (for the more "techie" documentarian); and practical financial tips, fundraising ideas, and legal considerations (for the more idealistic-and not always realistic-visionary).
