**The Lotus Sutra (Saddharma-Pundarika): Extended Annotated Edition** Unknown Authors

This is the extended and annotated edition including

\* an extensive annotation of more than 10.000 words about the history and basics of Buddhism, written by Thomas William Rhys Davids

The Lotus Sutra is one of the most popular and influential Mahayana sutras, and the basis on which the Tiantai and Nichiren schools of Buddhism were established. This sutra is known for its extensive instruction on the concept and usage of skillful means - the seventh paramita or perfection of a Bodhisattva - mostly in the form of parables. It is also one of the first sutras to use the term Mahayana, or "Great Vehicle", Buddhism. Another concept introduced by the Lotus Sutra is the idea that the Buddha is an eternal entity, who achieved nirvana eons ago, but willingly chose to remain in the cycle of rebirth (samsara) to help teach beings the Dharma time and again.
