Finance and Profession: a Vedic Approach: This astrology book has been originally published by the prestigious Sagar Publications with Lt. Col. (Retd.) Raj Kumar as its author.

The survival and sustenance of human life and all activities on this earth mainly depends on financial prosperity. A vast majority of us think of, talk about and act as per financial considerations. In 21st millennium, money is God, God is money. A high financial status automatically brings power, glory, authority, comforts and friends and covers most of the short comings. People without money lead a life of sufferings & penury unsung, unwept & unhonoured in life as well as in death.

People's curiosity and inquisitiveness grow more and more in the quest for future financial status & life style. This brings in the necessity of divine astrological consultations which help a native to decide why, what, when, where and how one should act to get the best as per one's past karmas & present serious efforts. Selection of an auspicious time to start a work and resort to remedial measures when things are not moving as expected are core considerations for any business.

The profession of a native is intimately related to one's chances and degree of success in acquiring riches & wealth. The number and type of professions are far too many to be counted. The profession is a mean to achieve prosperity, but these days the end results justify the means. More and more people earn riches through dubious means passing through the phenomenon of ups and downs, rags to riches and riches to rags. Hence various professions along with these phenomenons have been discussed in detail with illustrations.
