Routledge Handbook of the Arab Spring: Rethinking Democratization (Routledge Handbooks)

Routledge Handbook of the Arab Spring: Rethinking Democratization (Routledge Handbooks)

The self-immolation of Mohammed Bouazizi in Tunisia in December 2010 heralded the arrival of the 'Arab Spring,' a startling, yet not unprecedented, era of profound social and political upheaval.

The meme of the Arab Spring is characterised by bottom-up change, or the lack thereof, and its effects are still unfurling today. *The Routledge Handbook of the Arab Spring* seeks to provide a departure point for ongoing discussion of a fluid phenomenon on a plethora of topics, including:

- Contexts and contests of democratisation
- The sweep of the Arab Spring
- Egypt
- Women and the Arab Spring
- Agents of change and the technology of protest
- Impact of the Arab Spring in the wider Middle East and further afield

Collating a wide array of viewpoints, specialisms, biases, and degrees of proximity and distance from events that shook the Arab world to its core, the *Handbook* is written with the reader in mind, to provide students, practitioners, diplomats, policy-makers and lay readers with contextualization and knowledge, and to set the stage for further discussion of the Arab Spring.
