The Hope Andrew Harvey

The Hope, a new book by acclaimed author Andrew Harvey, is a simple yet compelling guide to help people respond to current global challenges. This no nonsense work provides a succinct vision of today's world crisis and the need for sacred activism—the fusion of the deepest spiritual knowledge and passion with clear, wise, radical action. Harvey lays out seven laws for sacred activism, covering everything from the necessity of incorporating a spiritual practice into your life , to the transformation of anger into wise energy, to the importance of community. Through these laws he shows that neither the noble, pragmatic work of the activist nor the private spirituality of the individual is enough to change the world. These two must be fused to become an unstoppable force of transformational love. Just as Julia Cameron in *The Artist's Way* gave millions of people a precise and interactive handbook to help them discover and explore their creativity, *The Hope* will give the most practical possible help to all those who realize the urgent truth of the Dalai Lama's advice and want to act as effectively as possible from wisdom and compassion.
