The Mom I Want to Be T. Suzanne Eller

A woman's experience as a mother is influenced by the mothering she received as a child. If neglect was a part of that upbringing, the woman who holds a newborn and faces the responsibility of parenting needs a healthy vision of motherhood. T. Suzanne Eller compassionately discusses how a woman can turn from a painful past and embrace a godly example of motherhood. She shares how shattered legacies can be put back together; the path to restoring the broken image of motherhood; and ways to let go and embrace a new story. This is a celebration of God's healing power and how all women can become the mom they want to be.
