## **El futuro del kirchnerismo (Spanish Edition)** Eduardo Jozami

¿Es el kirchnerismo un nuevo movimiento popular, una etapa política diferenciada del tronco peronista, el embrión de un proyecto emancipatorio que aún espera su plena realización o, por el contrario, la fuerza que gobierna la Argentina desde 2003 terminará absorbida como una variante más del justicialismo?

El interrogante que plantea la sucesión presidencial de 2015 es también el que se cuestiona aquí Eduardo Jozami, con el propósito firme de contribuir con la continuidad del proceso que ha cambiado profundamente a la Argentina de los últimos años.

Sin omitir errores ni carencias del kirchnerismo, este ensayo tiene mucho de manifiesto político, ya que del análisis tanto de los logros como de las asignaturas pendientes puede concluirse la necesidad de seguir adelante para asegurar y profundizar lo realizado. En un contexto de demonización del oficialismo, en el que la oposición busca la vuelta a un "país normal", los desafíos que enfrenta el movimiento iniciado por Néstor Kirchner y ahondado por Cristina Fernández de Kirchner no son pocos. En estas horas se pone a prueba tal vez el más crucial: su capacidad para elegir un sucesor idóneo, aquel que mantenga sus banderas.

Claro, contundente, comprometido, apasionado, El futuro del kirchnerismo se abstiene de pronósticos, pero no de señalar rumbos posibles y probables consecuencias.
