iPad and iPhone For Musicians For Dummies

Ryan C. Williams, Mike Levine

iPad and iPhone For Musicians For Dummies Ryan C. Williams, Mike Levine **The easy way to use your iPad or iPhone to make amazing music**

If you are a budding or established musician looking to use your iPad or iPhone as a portable musical instrument, recording studio, or composition tool, then you've come to the right place! *iPad and iPhone For Musicians For Dummies* explains in plain English how to hook up your preferred instrument to your iPad or iPhone to work on music projects within a plethora of recording apps. You'll also learn how to incorporate both real and MIDI instruments and audio, edit individual tracks, work with effects and chain multiple apps together, and mix and master songs.

Thanks to apps such as AmpliTube, AudioBus, and Apple's own GarageBand, musicians can record entire songs in the comfort of their own homes and then mix, master, and distribute them right there on their iPads or iPhones. Packed with tons of step-by-step instructions, this friendly guide shows you how to use your device to go from recording a basic piece of music to creating and uploading complete songs with full instrumentation and multiple tracks, instruments, and effects.

- Demonstrates how to hook up your guitar or keyboard directly to your iPad or iPhone to record professional-grade tracks
- Helps musicians get the most out of their iPads or iPhones as portable musical instruments, recording studios, and composition tools
- Written by an industry expert and former senior writer for IK Multimedia, a leading manufacturer of music apps and hardware accessories for the iOS market
- Coverage goes beyond GarageBand to include other popular technologies

Don't let the limitations and expense of yesterday's home studios keep you from recording awesome music—let *iPad and iPhone For Musicians For Dummies* show you how easy it is to record and master your own music right from your living room.

Jason Wahl:

Information is provisions for those to get better life, information nowadays can get by anyone at everywhere. The information can be a information or any news even an issue. What people must be consider while those information which is inside former life are challenging be find than now's taking seriously which one would work to believe or which one the particular resource are convinced. If you obtain the unstable resource then you get it as your main information we will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take iPad and iPhone For Musicians For Dummies as your daily resource information.

Lawrence Shults:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library or to make summary for some e-book, they are complained. Just small students that has reading's spirit or real their pastime. They just do what the educator want, like asked to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country.

So , this iPad and iPhone For Musicians For Dummies can make you truly feel more interested to read.
