Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series)

Joseph Edminister

Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) Joseph Edminister

A classic Schaum's Outline, thoroughly updated to match the latest course scope and sequence. The ideal review for the thousands of engineering students who need to know the electromagnetic field theory concepts needed in numerous electrical engineering fields and in many other scientific and engineering disciplines.

About the Book

This updated edition of the successful Schaum's outline is revised to conform to the current electromagnetics curriculum. Schaum's Outline of Electromagnetics mirrors the standard course in scope and sequence. It helps students understand basic concepts and offers problem-solving practice in topics such as current density, capacitance, magnetic fields, inductance, electromagnetic waves, transmission lines, and antennas.

Key Selling Features

- Outline format facilitates quick and easy review of course fundamentals
- Hundreds of examples illustrate applications and complex calculations
- 351 solved problems
- Exercises to help students test their mastery of digital signal processing
- Appropriate for the following course: Electromagnetics
- **Record of Success:** Schaum's Outline of Electromagnetics is a solid selling title in the series—with previous edition having sold over 30,000 copies since 1999.
- Easy-to-follow review of electromagnetics
- Solved problems demonstrate calculation techniques and applications
- Supports all the major textbooks for electromagnetics courses

Market / Audience

Primary: All engineering students who need to learn or refresh their understanding of electromagnetic field theory

Secondary: Graduate students and professionals looking for a review

Enrollment:

Electromagnetics - 9,967

About the Authors

From reader reviews:

John Ashton:

Book is to be different for each and every grade. Book for children until eventually adult are different content. As we know that book is very important for us. The book Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) was making you to know about other know-how and of course you can take more information. It is quite advantages for you. The publication Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) is not only giving you a lot more new information but also being your friend when you feel bored. You can spend your personal spend time to read your e-book. Try to make relationship while using book Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series). You never experience lose out for everything when you read some books.

Mark Shanks:

The event that you get from Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) is the more deep you rooting the information that hide within the words the more you get interested in reading it. It doesn't mean that this book is hard to comprehend but Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) giving you buzz feeling of reading. The author conveys their point in specific way that can be understood by anyone who read it because the author of this guide is well-known enough. This particular book also makes your own vocabulary increase well. So it is easy to understand then can go to you, both in printed or e-book style are available. We propose you for having this particular Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) instantly.

Charles Powers:

Typically the book Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) will bring one to the new experience of reading a book. The author style to describe the idea is very unique. Should you try to find new book to study, this book very suitable to you. The book Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) is much recommended to you to see. You can also get the e-book from the official web site, so you can more easily to read the book.

Rose Buck:

As we know that book is vital thing to add our understanding for everything. By a guide we can know everything we really wish for. A book is a set of written, printed, illustrated or even blank sheet. Every year ended up being exactly added. This e-book Schaum's Outline of Electromagnetics, Third Edition (Schaum's Outline Series) was filled about science. Spend your extra time to add your knowledge about your research competence. Some people has distinct feel when they reading some sort of book. If you know how big benefit of a book, you can sense enjoy to read a e-book. In the modern era like currently, many ways to get book you wanted.
