La Virgen María (Cuadernos Palabra) (Spanish Edition)

José Antonio Loarte

La Virgen María (Cuadernos Palabra) (Spanish Edition) José Antonio Loarte

A partir del Concilio Vaticano II, los estudios bíblicos han enriquecido notablemente nuestro conocimiento de María de Nazaret, poniendo de relieve el especialísimo lugar que la Santísima Virgen ocupa en la historia de la salvación. De ahí partió una renovación de la mariología, en continuidad con la gran tradición de la Iglesia.

Sin embargo, a menudo, estas aportaciones han quedado confinadas en libros accesibles solo a los especialistas. Estas páginas pretenden ilustrar los principales episodios de la vida de María, que, a la luz de los progresos más recientes de la exégesis bíblica, iluminan la piedad de los cristianos.

La exposición se completa con textos que pueden servir para ahondar en la doctrina expuesta: textos del magisterio de la Iglesia, de las obras de los Santos Padres, de los escritos de santos y autores espirituales, y también de los poetas que, desde el comienzo de la literatura castellana, han tejido los elogios de la Madre de Dios.
