Swerve

Vicki Pettersson

Swerve Vicki Pettersson

In the electrifying tradition of Dean Koontz and Gillian Flynn comes the first riveting psychological thriller from the *New York Times* and *USA TODAY* bestselling author!

It's high summer in the Mojave Desert, and Kristine Rush and her fiancé, Daniel, are en route from Las Vegas to Lake Arrowhead, California, for the July Fourth holiday weekend. But when Daniel is abducted from a desolate rest stop, Kristine is forced to choose: return home unharmed, but never to see her fiancé again, or plunge forward into the searing desert to find him...where a killer lies in wait.

One road. One woman. One killer.

Sprinting against the clock, and uncertain if danger lies ahead or behind, Kristine must blaze an epic path through the gaudy flash of roadside casinos, abandoned highway stops, and a landscape rife with horrors never before imagined. Desperate to save her doomed husband-to-be, Kristine must summon long forgotten resources if she's to go head-to-head against this unpredictable killer. And she'd better hurry. Because she only has twenty-four hours...to make one hell of a trip.

From reader reviews:

Jessica Bradsher:

In this 21st millennium, people become competitive in every single way. By being competitive at this point, people have to do something to make themselves survive, being in the middle of the particular crowded place and notice by simply surrounding. One thing that at times many people have underestimated the idea for a while is reading. That's why, by reading a publication your ability to survive enhance then having chance to remain than other is high. For you personally who want to start reading some sort of book, we give you that Swerve book as nice and daily reading reserve. Why, because this book is usually more than just a book.

Steven Zakrzewski:

As people who live in the particular modest era should be up-date about what going on or data even knowledge to make these individuals keep up with the era which is always change and move ahead. Some of you maybe may update themselves by looking at books. It is a good choice for you but the problems coming to you is you don't know what one you should start with. This Swerve is our recommendation to make you keep up with the world. Why, as this book serves what you want and need in this era.

Todd Apperson:

Do you have something that you like such as book? The reserve lovers usually prefer to opt for book like comic, limited story and the biggest one is novel. Now, why not striving Swerve that give your enjoyment preference will be satisfied by means of reading this book. Reading behavior all over the world can be said as the way for people to know world much better then how they react when it comes to the world. It can't be explained constantly that reading practice only for the geeky man but for all of you who wants to be success person. So , for all of you who want to start looking at as your good habit, you can pick Swerve become your own personal starter.

Keith Mayo:

Is it anyone who having spare time after that spend it whole day by simply watching television programs or just resting on the bed? Do you need something new? This Swerve can be the answer, oh how comes? The new book you know. You are consequently out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these publications have than the others?
