### Word Myths and Word Origins: 2-Volume Set

Always a best-seller, enjoy two entertaining and informative language books by two fine writers. In *Word Myths*, author David Wilton debunks the most persistently wrong word histories, and gives the real stories behind these perennially mis-etymologized words.

*Word Origins* is a funny, charming, and conversational book that not only tells the known origins of hundreds of words, but also shows how their origins were determined. Together, these two volumes uncover the most fascinating aspects of our language.
