Enforcement of export laws and regulations is not just a theoretical concern. Penalties can include heavy fines, debarment from contracting with the United States government, imprisonment, and withdrawal of the privilege of exporting.

United States Export Controls provides the guidance exporters and those who work with them need to meet the legal requirements and the day-to-day operational demands of export control regulations. Coverage includes:

- Jurisdiction
- Types of export controls
- Export Administration Regulations (EAR)
- International Traffic in Arms Regulations (ITAR)
- Enforcement and sanctions
- Encryption
- Foreign Corrupt Practices Act and Export Controls
- Anti-Boycott provisions of the EAR
- Chemical Weapons Convention

Whether your concern is an export licensing problem related to specific transactions or a marketing strategy to minimize the impact of controls more broadly, this is an essential reference.
