A Contemplative Approach to Understanding World Religions: C. G. Jung as Phenomenologist of the Soul Blake W. Burlison

How does one understand a religion not one's own? In our politically and culturally diverse and divisive times, where religious identities create tension and conflict internationally and in our own backyards, Blake Burlison addresses this most relevant of questions. Inspired by the psychology of C. G. Jung, Burlison pioneers a contemplative phenomenology which values both the particularity and universality of the world's religions. In an age in which inter-religious dialogue is of greatest importance, this book will appeal to teachers, students, and seekers of religion alike.
