## **What Is Conservatism?** Frank S Meyer

*What Is Conservatism?* (1964) is a conservative classic—as relevant today as it was half a century ago.

Just what *is* conservatism? Many people are groping for answers, especially as conservatives seem to be retreating into factions—Tea Partiers, traditionalists, libertarians, social conservatives, neoconservatives, and so on. But this illuminating book shows what *unites* conservatives even as it explores conservatism’s rich internal debate.

Edited by Frank S. Meyer, who popularized the idea of “fusionism” that became the basis for modern American conservatism, *What Is Conservatism?* features brilliant essays by twelve leading conservative thinkers and spokesmen, including:

- F. A. Hayek, Nobel Prize–winning economist and author of *The Road to Serfdom*
- William F. Buckley Jr., founder of *National Review* and the man perhaps most responsible for the rise of the modern conservative movement
- Russell Kirk, whose seminal book *The Conservative Mind* gave the conservative movement its name
- M. Stanton Evans, author of the conservative movement’s central credo, the “Sharon Statement” (1960)

In a foreword to this new edition, #1 *New York Times* bestselling author and *National Review* contributing editor Jonah Goldberg explains the profound influence of *What Is Conservatism?* on conservative thought and the book’s relevance today.
