Calmodulin and Signal Transduction

Calmodulin and Signal Transduction

This book focuses on emerging themes in the molecular mechanisms of calcium signal transduction through calmodulin-regulated pathways. It provides the reader with selected examples and experimental precedents that underlie current models of cell regulation through calmodulin-regulated pathways and their linkage with other regulatory pathways.

Highlights:

- * Molecular mechanisms of calcium signal transduction through calmodulin-regulated enzymes
- * Selected case studies and precedents related to molecular mechanisms
- * Protein-protein recognition between calmodulin and the enzymes it regulates
- * Cross-talk and interdigitation with other signal transduction pathways
